WELCOME TO WASD AND SDGs UNIVERSITIES

The World Association for Sustainable Development (WASD) is a global forum that brings together experts from across the world to discuss issues relating to sustainable development, science and technology management.

WASD's aim is to promote the exchange of knowledge, experience, information, and ideas among academics, scholars, professionals, policy-makers, industry, and students to improve the mutual understanding of the roles of science and technology in achieving sustainable development (SD) all over the world. To meet this aim, WASD runs global conferences and seminars, publishes high-quality refereed journals, and books, and organises international development projects.

WASD works with a wide range of institutions, such as universities, research centres and governmental departments all over the world, particularly in the developing countries. We provide professionals, researchers and policy-makers with the best available scientific evidence when contributing to better technological and economic development for all within the populations they serve. WASD therefore helps in reducing the gap between rich and poor countries by providing access to critical information.

Following the approval by the Minister of Education in the Kingdom of Saudi Arabia (KSA) and the circular sent to all universities' Presidents on 26 December 2024 by the Secretary General of the Council of Universities Affairs, WASD is pleased to invite all universities in KSA to join its new and major initiative: **Sustainable Development Goals KSA Universities Initiative** (www.saudiuniversities.org).

SDGsKSAUNi aims to bring together all universities and research institutions in KSA and connect them together and with universities from across the world in a global forum to collaborate and reconnect with the discourse of **SD**.

SDGsKSAUNi will therefore help KSA universities and research institutions to play a critical role, enabling KSA to achieve the **Saudi Vision 2030** and the **United Nations Agenda 2030** and its 17 Sustainable Development Goals (SDGs).

WASD COLLABORATION WITH THE UNITED NATIONS

WASD is delighted to have been working very closely with various United Nations Agencies, most specifically with the UN Joint Inspection Unit (JIU). Both JIU and WASD are inspired by the conviction that the UN Agenda 2030 for SD and the 17 SDGs provide the momentum for renewed UN engagement with the public and private sectors.

In 2018, WASD collaborated with JIU on the UN project "**Strengthening policy research uptake in the context of the 2030 Agenda for SD**", aimed at reviewing the policy research uptake in service of the 2030 Agenda for SD. For the first time in its 52 year history, the UN (aided by WASD) officially consulted academics and researchers from all over the world on the policy research uptake in the UN.

In 2019, WASD also worked very closely with the UN JIU to undertake a UN system-wide review of policies, programmes, and platforms to support learning and enhance the adequacy of training policies in the UN. The report "**Policies and platforms in support of learning: towards more coherence, coordination, and convergence**" was launched officially on 28 October 2020 at the opening of WASD's Online Learning Conference.

These various initiatives and events with the UN JIU have encouraged WASD to launch SDGsKSAUNi.

H.E. DR TATIANA VALOVAYA

Director-General

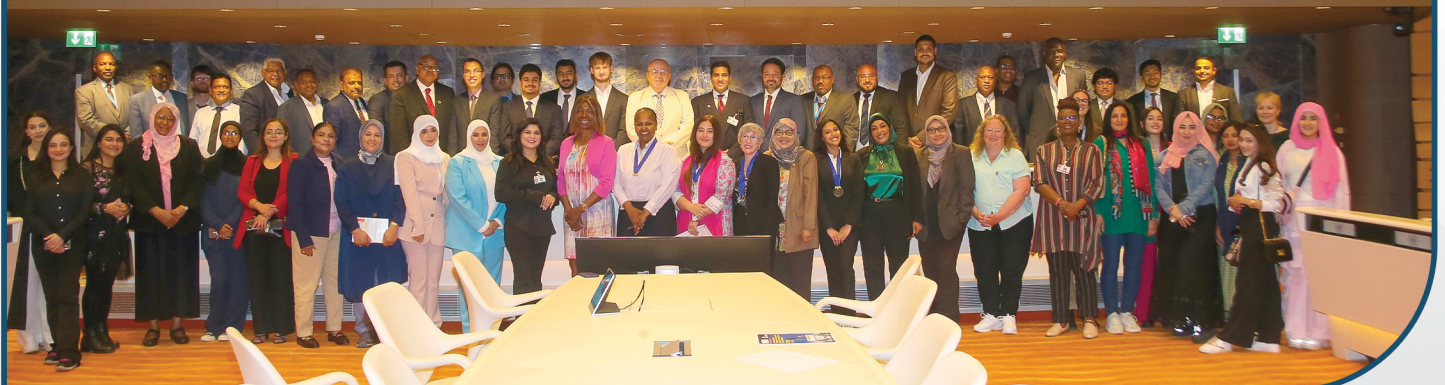

United Nations Office at Geneva
Palais des Nations, Geneva Switzerland 22 July 2024

“

It is a pleasure to open the 22nd World Association for Sustainable Development International Conference. I would like to express my gratitude to WASD for organizing this event at a crucial moment, as we approach the 2030 target. I am particularly pleased to see on the agenda of the conference the emphasis on the vital role of educational institutions in driving forward the implementation of Agenda 2030. Universities and academic institutions are not only centers of learning but also hubs of innovation, research, and community engagement. They play a pivotal role in equipping the next generation with the knowledge and skills needed to achieve sustainable development.”

2024 UN GENÈVE

H.E. AMBASSADOR DR PETRU DUMITRIU

Former Inspector

United Nations Joint Inspection Unit

“

We noted the quality of your annual conferences conceived and organized as fertile formulas of multi-stakeholder partnerships. It is against this background that I would kindly invite you to organize your 2018 16th International Annual Conference in Geneva, at the Palais des Nations. That would allow us to present the work of the Joint Inspection Unit to a broader audience.

WHY YOU SHOULD JOIN?

- All leading **World University Rankings**, such as QS, THE, and others, emphasize the importance of assessing the critical role of universities across the world in implementing SDGs, both on campus and helping their countries as whole to achieve
- the UN's 17 SDGs.
- Find **new students** from across the world. Several reports argue that youth's perspectives on their future studies focus on SD; as an example, Forbes refers to Generation Z as the "**sustainability generation**".
- A golden opportunity for your university to join the global conversation on SD and how to **achieve the UN's 17 SDGs**.
- In the post-Covid 19 era of global skills and the knowledge race, SDGsKSAUNi will help your university to accomplish your natural and ascribed roles as a strategic agent for **KSA's national collective efforts** to catch-up and be on track to achieve the UN's 17 SDGs.
- **Integrate and reconnect your curriculum** in all subjects relevant to the 17 SDGs and place more focus on issues relevant to KSA's developmental needs.
- Become more sensitive and responsive to developing **graduates** who can compete in the global and intensely competitive knowledge/digital economy. Your university will become more attractive to **new students** who are very keen to join universities that can help them better understand the **global sustainability challenges** and how to solve these problems in the future.
- Provide practical recommendations and actions to help your university improve and transform the way it conducts and uses research to achieve the UN's 17 SDGs. Your university will also be able to attract more **research funding** from different organizations across the world who are very keen to fund research projects focusing on issues around the UN's 17 SDGs.
- Build relationships and be involved with the **UN's various agencies** and officials working on SDGs.
- Access to our highly experienced **marketing services** including **branding and promotion videos** for your university to enhance your university's profile in the **international market**.
- **Network** directly with key universities across the world, and share experience and lessons learned with their **research and teaching**.
- Free **training and capacity-building** resources including our flagship workshop "**Accelerate Universities Role for the Implementation of the UN Agenda 2030 and its 17 SDGs**" as well access to many other courses from our **Sustainability Academy**.
- Full access to top **SDGs research hubs** of your choice.
- Help and facilitation of your **university's membership** with major international HE bodies such as Advance HE; IEEE; CIMA; CIM; PMI; etc.
- Access to top **Expert Advisors** for various **Diagnostic Consultations**.
- Help setup your new **international referred journal** including critical assessment of your existing **journals** to be submitted to major indexing databases such as **Scopus**.
- An invitation to attend WASD Annual **Sustainability conferences** across the world offering **networking and publicity opportunities** including joining the **keynote speakers' panels**.
- **Access to our office** up to four weeks (staff and resources) in London, UK.

JOIN **SDGsUNi**

Four simple levels of annual membership packages (www.saudiuniversities.org/about/membership/) are available to suit a variety of scope and objectives, whether your university wishes to make a small change, or embark on major transformation strategies and policies towards achieving the 17 SDGs and help KSA.

To give your university peace of mind, **the first month of any membership is FREE of charge**; we are also very happy to tailor a specific package to meet your university's specific requirements. To help you visualise the way your university webpage will look and function in our SDGsKSAUNi platform, our developers will create various demo pages for your university. All information on these demo pages will be taken from your own University's freely available webpages.

- ▶ Please check the pages created for your university; these will be changed and amended as you feel more suitable for the university. Once the university subscribed to SDGsKSAUNi, to you will be able to provide us with accurate and up-to-date information about your university and we will make all changes and updates for you.
- ▶ Should you require more information, please do not hesitate to contact our International Coordinator, Mrs Janet Snow (janet.snow@wasd.org.uk), Queen Mary University of London, The QMB Innovation Centre, 5 Walden Street, London E2 1EF, United Kingdom.

MEMBERSHIP PACKAGES

Please browse our various membership packages including all the contents you will be able to upload in each package and choose the one which is more suitable to your organisation. We would also be delighted to speak to you regarding any special package not included below, please contact us (director@saudiuniversities.org).

SEED PACKAGE

1. SDGs Outstanding Contribution **Certificate** that can be displayed in your university.
2. Dedicated **page** online including your profile, website and all contact and social media details.
3. **Listings of 10** courses; research centres; journals; experts; events; and news/impact.
4. **Four promotion** videos in our TV channel.
5. Full access for your researchers to any **two SDGs research hubs** of your choice.
6. Your organisation's name displayed in the **SDGs Gulf Universities platform**, giving your organisation exposure to the wide range of visitors to the platform.
7. **Inclusion of your profile** in WASD annual SDGs Universities Directories in KSA and across the world.
8. **Free One Day Workshop: Accelerate Universities Role for the Implementation of the United Nations Sustainable Development Goals 2030.**
9. **10% Discount** on selected WASD conferences and events.

WATER PACKAGE

1. **Will receive all the benefits of the Seed package, plus:**
2. Up to **20 listings** of courses; research centres; journals; experts; events; and news/impact.
3. **Ten promotion** videos in our TV channel.
4. Full access to your researchers to any **four SDGs research hubs** of your choice.
5. The following will be featured/displayed in our homepage for **one week** (one item quarterly): Name and logo of your university; One research centre; One top expert full profile; and One item of your latest news.
6. Your organisation's name displayed in the **SDGs Arab Universities platform**, giving your organisation exposure to the wide range of visitors to the platform.
7. **Help and facilitation** of your organisation's membership with major international HE bodies such as Advance HE; IEEE; CIMA; CIM; PMI; etc.
8. Access to our office for **two weeks** (staff and resources) based at Queen Mary University of London, London – United Kingdom.
